WASHINGTON, Nov. 8,-Gov. Mellette, of akota territory, in his annual report says, The growth of population has been rapid d stable and now reaches 650,000 as against 5,610 in 1885. The total area filed on ring the year was 2,096,030 acres against 38,142 the preceeding year. The report vs there has been during the past year a actical cessation of railway building, as mpared with the remarkable activity of 87. Upon the subject of agriculture the port says: "Almost the entire area of akota is susceptible of cultivation, and akota is susceptible of cultivation, and lose portions not yet adopted are available or grazing stock, for the raising of which akota possesses peculiar adaption and hich is a rapidly growing industry. An acrease in the value of livestock during the st nine years is stated to have been 633 or cent. Dairying is becoming an important industry and during two years any creameries were established. During at few months, the governor says, the subst few months, the governor says, the sub-ct of irrigation has attracted a great nount of attention. At the last session the territorial legislature an act was

assed authorizing sinking artesian wells on the petition of a certain number of sidents of a township, and the work of nking wells is in progress in a number of nking wells is in progress in a number of unties.
The tin mines in the Black Hills are atacting a great deal of interest and within a last year a company of foreign capitalts has been organized with a heavy capitalts have capitalted and ster counties. It is the opinion of exerts, the governor says, that these mines ontain the largest and most valuable aggregation of tin veins ever brought to the tention of the world. The governor eaks of the treatment of these ores and yet hey require no roasting, as is the case ys they require no roasting, as is the case th foreign ore.

Herculean Strength

Continually on the strain, or overtaxed at intervals, is far less desirable than ordinary vigor perpetuated by rational diet and exercise, and abstention from excess. Professional pugilists and athletes rarely attain old ional pugilists and athletes rarely attain old age. As ordinary vigor may be retained by a wise regard for sanitary living, and for the protection against disease which timely and judicious medication affords, so also it may be lost through prolonged sedentary labor, uninterrupted mental strain, and foolish eating and drinking, the chief and most immediate sequence of all four being dyspepsia. For this condition thus, or in any way induced, and for its offspring, a failure of muscular and nerve power, Hostetters Stomach Bitters is the primest and most genial of remedies. Not only indigestion, but loss of flesh, appetite and sleep are remedied by it. Incipient malaria and rheumatism are banished, and kidney, bowel and liver complaint removed by it.

A Woman's Discovery. "Another wonderful discovery has been made, and that, too, by a lady in this county. Disease fastened its clutches upon county. Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly and could not sleep. She bought of us a bottle of Dr. King's New Discovery for Consumption and was so much relieved on taking the first dose that she sleept all night and with one bottle has been miraculously cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hamrick & Co. of Shelby, N. C. Get a free trial bottle at R. S. Hale & Co.'s drug store.
